GAINS Worksheet

Use this form to record GAINS for yourself or others with whom you want to build a relationship. Use one form per individual; add sheets as needed. Date each entry to know how old the information is.

NAME: _____ DATE: _____

Goals:

Goals are the financial, business, educational, and personal objectives you want or need to meet for yourself and for people who are important to you. The best way to develop a relationship is by helping someone achieve something that's important to them. If you do, they'll remember you when you need help achieving your goals.

Accomplishments:

Some of your best insight into others comes from knowing what goals they have achieved, what projects they've completed, what they have accomplished both for themselves and for others. Your fellow member's knowledge, skills, experiences, values, and beliefs can be surmised from their achievements.

Interests

Your interests – the things you enjoy doing, talking about, listening to, or collecting – can help you connect with others. People are more willing to spend time with those who share their interests or know something about them.

Networks

How would it benefit you to know what other networks, both formal and informal, that your fellow members are involved with? A network could be an organization, institution, company, civic, religious or professional associations, etc.

Skills

As for Skills, the more you know about the talents, abilities, and assets of the people in your network, the better equipped you are to find competent, affordable service when you or someone you know needs help.
